

Washington, D.C. 20505

Invitation from Admiral Studeman (Director of Naval Intelligence) to speak at the "Navy's Dining-In" black tie affair the evening of 8 October.

I spoke with Cpt. Kramer's aid -- accepted the invitation; told them someone from public affairs would be calling to follow-up; asked if they might provide us with the name and topics of the last few years; also asked if wives were invited.

STATI passed all of this on to

de/27July
